

Jose Luis Adams Diaz

## Actividad-M1-03

```
1 import SwiftUI
2
3 struct ContentView: View {
4     var body: some View {
5         VStack {
6             Image(systemName: "globe")
7                 .imageScale(.large)
8                 .foregroundColor(.tint)
9             Text("Hola Jose Luis")
10        }
11        .padding()
12    }
13 }
14
15 #Preview {
16     ContentView()
17 }
18
19
20
21
```

```
1 import SwiftUI
2
3 struct ContentView: View {
4     var body: some View {
5         VStack {
6             Image(systemName: "globe")
7                 .imageScale(.large)
8                 .foregroundColor(.tint)
9             Text("Hola Jose Luis")
10        }
11        .padding()
12    }
13 }
14
15 #Preview {
16     ContentView()
17 }
18
19
20
21
```

en este momento tendria que compilar pero se queda cargando y no lo corre.
